

FAISAL HABIBI

Faisal Habibi ist 1984 in Jakarta, Indonesien geboren. Bis 2008 studierte er im Sculpture Studio der Fakultät für Kunst und Design am Institute of Technology Bandung. Seine Arbeiten wurden bereits mit dem Indonesia Art Award (Juror's Choice, Nationalgalerie in Jakarta, 2008), dem ersten Preis für dreidimensionale Arbeiten der Salihara Gesellschaft (Jakarta 2013) sowie dem Bandung Contemporary Art Award (Special Mention, Jakarta 2015) ausgezeichnet. 2014 ermöglichte ihm das ZKU - Zentrum für Kunst und Urbanistik eine Künstlerresidenz in Berlin. Neben zahlreichen Teilnahmen an Kunstmessen, Biennalen und Museumsausstellungen zumeist im asiatischen Raum, war Faisal Habibi bereits mehrmals auf der Art Basel Hongkong vertreten, darunter 2018 mit einer Solopräsentation seiner plastischen Arbeiten. Seit 2021 befinden sich seine Arbeiten in der Sammlung zeitgenössischer Kunst der Bundesrepublik Deutschland. Aktuell werden sie in der Ausstellung „present perfect“ im Museum Gunzenhauser in Chemnitz präsentiert.

In seinen einzigartigen plastischen Werken setzt sich der indonesische Künstler auf komplexe Weise mit Raum und Materialität auseinander. Die aus Werkstoffen wie Plexiglas, Stahl und Holzplatten gefertigten Objekte öffnen einen spannungsvollen Dialog zwischen scheinbar ebenmäßig-industrieller Produktion und zuweilen organisch anmutender, individueller Handarbeit. Neben gleichmäßigen Einfärbungen tauchen wiederholt Irritationen wie unbeabsichtigt wirkende Leerstellen und gestische Farbspuren auf, die in ihrer Brüchigkeit und Ungleichmäßigkeit auf malerische Weise wie Vor- oder Nachstufen der Perfektion anmuten, Assoziationen aufrufen und vom Menschen als Schöpfer erzählen.

Faisal Habibi was born in 1984 in Jakarta, Indonesia. Until 2008, he studied at the Sculpture Studio of the Faculty of Art and Design at the Institute of Technology Bandung. His works have already been awarded with the Indonesia Art Award (Juror's Choice, National Gallery in Jakarta, 2008), the first prize for Three-Dimensional Works from the Salihara Society (Jakarta 2013), and the Bandung Contemporary Art Award (Special Mention, Jakarta 2015). In 2014, ZKU - Center for Art and Urbanism supported him with an artist residency in Berlin. In addition to numerous participations in art fairs, biennials and museum exhibitions mostly in the Asian region, Faisal Habibi has been represented several times at Art Basel Hong Kong, including a solo presentation of his sculptural works in 2018. Since 2021 his works are part of the collection of contemporary art of the Federal Republic of Germany. Currently they are presented in the exhibition „present perfect“ at Museum Gunzenhauser in Chemnitz.

In his unique sculptural works, the Indonesian artist deals with space and materiality in a complex way. Their numerous levels oscillate between soothed surfaces, straight edges, and dynamic forms. The objects, made of materials such as Plexiglas, steel and wooden panels, open up a tense dialogue between seemingly even industrial production and, at times, organic-looking, individual handiwork. The visualization of this process of creation plays a major role: in addition to uniform coloration, irritations such as unintentional voids and gestural traces of color repeatedly appear, which in their brittleness and irregularity seem in a painterly way like pre- or post-stages of perfection, evoke associations and tell of man as creator.
